RE: 220 ILCS/5-8-201.10 MONTHLY COMPLIANCE REPORT

---

Attached with this filing is the above public utility's monthly report in compliance with 220 ILCS 5/8-201.10 that reflects data for April 2022.

This compliance report includes only LIHEAP customers as low income. Consumers Gas Company has no way of determining which customers are low income except through our customers receiving LIHEAP.

This last day of the month is used as the end of the period for all classifications.

Consumers Gas Company does not have the reporting software to breakdown billing into zip codes. Modifications to the software and report programing are currently being made so that hopefully the May data will be in the reported in the correct format.

Questions regarding this compliance report can be directed to the following:
